University of Wisconsin-Milwaukee

EXPERIENCE

Project Manager

March 2016 – Present

Virginia Commonwealth University
Richmond, VA

- Provide project management and project management consultation to technology projects within VCU
- Serve as project manager directly for as many as fifteen projects at a time, including IAM, Cloud, and DevOps programs
- Developed a new portfolio management information system which allows project managers to assemble project data and leadership to quickly gather project knowledge
- Developed a unified front-end for the server provisioning process that facilitates a smooth workflow between security, networking, and data center engineers and provides strategic benefits for DevOps and Cloud projects

Project Manager

April 2008 - March 2016

Irving Burton Associates
Falls Church, VA

- Directly oversaw vendor for both maintenance and new development of a key information system in the Department of Defense Military Healthcare System
- Managed a project which integrated Department of Veterans Affairs users into an existing Department of Defense system from pre-contract stage through implementation
- Utilized Agile Scrum for major releases within the Defense Health Systems Services
- Served as Scrum Master on iterative releases maintenance software releases
- Ran Scrum events (Roadmapping, Planning Sessions, Kickoffs, Retrospectives, and Demos)
- Served as a coach and mentor for other Defense Health Systems Services Scrum Masters

Assistant Manager

October 2002 -
December 2007

Survey Research Institute at Cornell University
Ithaca, NY

- Managed a survey research facility that included up to 60 employees
- Responsible for hiring and maintaining a research staff
- Cleaned, prepared, and presented complete research data for clients
